Ministry of Finance

Supplementary Estimates No. 5

Fiscal Year Ending March 31, 2005

Introduction to the Supplementary Estimates No. 5

Each year the government presents a budget to the Legislative Assembly. The budget includes the Main Estimates which, in conjunction with Supply Acts passed by the Legislature, provide government with authority (voted appropriations) to spend money from the Consolidated Revenue Fund.

If spending from voted appropriations is forecast to exceed that set out in the Main Estimates, Supplementary Estimates and another Supply Bill may be presented to the Legislative Assembly.

Where Supplementary Estimates increase the funding for purposes included in a vote description in the Main Estimates, that vote description may be incorporated into the Supplementary Estimates.

Where Supplementary Estimates provide funding for purposes that are not included in the vote descriptions of the Main Estimates, new vote descriptions are provided in the Supplementary Estimates.

These Supplementary Estimates are to provide funding from the Consolidated Revenue Fund in the amount of \$550,000,000 to the Ministry of Transportation for operating expenses as set out in the schedule of Consolidated Revenue Fund Expenses to be Voted (page 5). The funding reflects a one-time capital assistance grant to the BC Transportation Financing Authority in support of capital investments under the 10 year Transportation Investment Plan.
