AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF CHILDREN'S & WOMEN'S HEALTH CENTRE OF BRITISH COLUMBIA BRANCH

We have audited the statement of financial position of Children's & Women's Health Centre of British Columbia Branch as at March 31, 2007 and the statements of revenue and expenses, changes in net assets (deficiency) and cash flows for the year then ended. These financial statements are the responsibility of the Branch's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Branch as at March 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

CHILDREN'S & WOMEN'S HEALTH CENTRE OF BRITISH COLUMBIA BRANCH

Notes to Financial Statements
(Expressed in thousands of dollars)

Year ended March 31, 2007

1. Operations:

The Children's & Women's Health Centre of British Columbia Branch (the Branch) is a member of the Provincial Health Services Authority (PHSA), which was established on December 12, 2001 to manage the quality, coordination, accessibility, and cost of certain province-wide health care programs and services. The following members are also included in PHSA:

- British Columbia Cancer Agency Branch;
- British Columbia Centre for Disease Control and Prevention Society Branch;
- British Columbia Drug and Poison Information Centre;
- British Columbia Mental Health Society (Riverview) Branch;
- British Columbia Provincial Renal Agency;
- British Columbia Transplant Society Branch;
- Forensic Psychiatric Services Commission;
- Women's Health and Research Institute; and
- Red Cross Outpost Hospitals (until December 15, 2005)

Effective December 31, 2001, the above noted branch societies, except for the Women's Health and Research Institute, were amalgamated with, and continue the operations of, their respective former societies under bylaws and constitutions consistent with the PHSA. The amalgamated Branch is considered a continuation of the former Branch for financial reporting purposes.

The Branch serves as the major children's and women's health resource centre of the Province, providing leadership in the areas of clinical services, research, education, and health promotion and is dependent on the Ministry of Health Services, through the PHSA, to provide sufficient funding to continue operations, replace equipment and complete capital projects.

The Branch financial statements include the operations of the Child and Family Research Institute which undertakes research activities spanning a wide range of children's and women's health concerns.

The Branch is exempt from federal and provincial income and capital taxes.

2. Significant accounting policies:

(a) Basis of presentation:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles. In preparing these financial statements, management has made estimates and assumptions that affect the reported amounts in the financial statements and the disclosure of contingent assets and liabilities. Significant areas requiring the use of management estimates include the determination of useful lives of capital assets, the fair value of asset retirement obligations and the estimation of amounts which may become payable to retiring employees. These financial statements do not include the assets, liabilities, revenue, and expenses of the Foundations, Auxiliaries and Societies of the Branch (note 15).

2. Significant accounting policies (continued):

(a) Basis of presentation (continued):

From time to time, the Board of Directors may impose certain restrictions on fund balances. These amounts are presented in the statements of financial position and changes in net assets (deficiency) as internally restricted funds. To date, these funds consist of amounts set aside by the Board of Directors for specific programs and capital expenditures. These internally restricted amounts are not available for other purposes without approval by the Board of Directors.

(b) Revenue recognition:

The Branch follows the deferral method of accounting for contributions which include donations, research and government grants.

Operating grants are recorded as revenue in the year to which they relate. Grants approved but not yet received at the end of the year are accrued. Where a portion of a grant relates to a future year, it is deferred and recognized in the subsequent year.

Unrestricted contributions are recognized as revenue when received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Contributions externally restricted for the purchase of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for the related capital assets.

Other revenue is recognized when the goods are sold or the service is provided.

(c) Short-term investments:

Short-term investments are recorded at the lower of cost and market value.

(d) Inventory:

Inventory, consisting of materials, supplies and pharmaceuticals, is recorded at the lower of weighted average cost and market value. Certain specific inventory items are purchased on consignment and are not included in inventory.

CHILDREN'S & WOMEN'S HEALTH CENTRE OF BRITISH COLUMBIA BRANCH

Notes to Financial Statements
(Expressed in thousands of dollars)

Year ended March 31, 2007

2. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are recorded at cost. Amortization is calculated on a straight-line basis over the assets' estimated useful lives at the following rates:

Asset	Rate
Buildings	10 - 50 years
Leasehold improvements	Lease term to a maximum of 10 years
Equipment	3 - 15 years

Assets acquired under capital leases are amortized over the lesser of the estimated lives of the assets and the lease terms.

The Branch operates facilities on Oak Street and Slocan Street. The Branch is the beneficiary of the Slocan Street property, which is held in trust by the Sunny Hill Foundation for Children, the trustee. The branch is subject to certain conditions imposed by the trustee.

(f) Employee future benefits:

Liabilities are recorded for employee sick and severance benefits as employees render services to earn the benefits. The actuarial determination of the accrued benefit obligations for employee sick and severance benefits uses the projected benefit method prorated on service (which incorporates management's best estimate of future salary levels, other cost escalation, retirement ages of employees, and other actuarial factors). Actuarial gains and losses that exceed 10% of the benefit obligation are amortized over the average remaining service period of active covered employees. The average remaining service period of the active covered employees is 10 years (2006 - 10 years). Past service costs arising from plan amendments are deferred and amortized on a straight-line basis over the average remaining service period of employees active at the date of amendment.

Defined contribution plan accounting is applied to multi-employer defined benefit plans and, accordingly, contributions are expensed.

(g) Asset retirement obligations:

The Authority recognizes an asset retirement obligation liability in the period in which it incurs a legal obligation associated with the retirement of a tangible long-lived asset including leased premises resulting from the acquisition, construction, development, and/or normal use of the asset. The fair value of the asset retirement cost is capitalized as part of the carrying value of the related long-lived asset and is depreciated over the life of the asset. The liability may be changed at the end of each period to reflect the passage of time and changes in the initial fair value assessment of the retirement obligation.

5. Capital assets (continued):

The Branch began construction of the Child and Family Research Institute Building during 2006 with a total estimated construction cost of \$42,000 of which \$22,383 (2006 - \$4,412) is included in capital assets as construction in progress. Funding for this project has been committed by the PHSA and the British Columbia's Children's Hospital Foundation.

In fiscal 2005, the Branch began construction of the Child, Adolescent & Women's Mental Health Building with a total estimated construction cost of \$20,500 of which \$19,595 has been capitalized to buildings during the year and \$317 (2006 - \$14,355) is included in capital assets as construction in progress. Funding for this project has been committed by the PHSA and the British Columbia's Children's Hospital Foundation.

6. Accounts payable and accrued liabilities:

8. Employee benefits:

(a) Employee sick and severance benefits:

Certain employees with ten years of service who have reached a certain age are entitled to receive special payments upon retirement or as specified by collective agreements. These payments are based upon accumulated sick leave credits and entitlements for each year of service. The Branch's liabilities are based on an actuarial valuation as at December 31, 2006. The next required valuation will be as of December 31, 2009.

Information about employee sick and severance benefits is as follows:

	2007	2006
Accrued benefit obligation:		
Sick leave benefits	\$ 5,824	\$ 7,367
Severance benefits	10,890	11,478
Total unfunded obligation	16,714	18,845

8. Employee benefits:

(b) Employee healthcare benefits:

The Healthcare Benefit Trust (the Trust) administers long-term disability, group life insurance, accidental death and dismemberment, extended health, and dental claims for certain employee groups of the Branch and other provincially funded organizations. Contributions to the Trust of \$7,370 (2006 - \$6,860) were expensed during the year.

The Trust was restructured on March 31, 2004 from a multi-employer to a multiple-employer plan only with respect to long-term disability benefits initiated after September 30, 1997. The assets and liabilities for these long-term disability benefits have been segregated for PHSA, but not for individual branches of the PHSA. Accordingly, the Branch participates in a multi-employer defined benefit plan for long-term disability benefits that is now restricted to members of the PHSA. The most recent actuarial valuation for the PHSA plan at December 31, 2006 indicated a net asset of \$40. The PHSA plan covers approximately 4,150 active employees of which approximately 1,900 are employees of the Branch. The next required valuation will be as of December 31, 2007.

The group life insurance, accidental death and dismemberment, extended health, dental, and pre-October 1, 1997 long-term disability claims administered by the Trust continue to be structured as a multi-employer plan. The most recent actuarial valuation for the plan at December 31, 2006 indicated a surplus of \$25,564. The plan covers 74,724 active employees of which approximately 2,350 (2006 - 2,360) are employees of the Branch. The next required valuation will be as of December 31, 2007.

(c) Employee pension benefits:

The Branch and its employees contribute to the Municipal Pension Plan, a multi-employer defined benefit pension plan governed by the *BC Public Sector Pension Plans Act*.

Employer contributions to the Municipal Pension Plan of \$11,341 (2006 - \$10,201) were expensed during the year. Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent actuarial valuation for the plan at December 31, 2003 indicated an unfunded liability of \$789,000 for basic pension benefits. The actuary does not attribute portions of the deficit to individual employers. The plan covers approximately 140,000 active employees of which approximately 1,930 are employees of the Branch. The next required valuation will be as of December 31, 2006 with results available in 2007.

11. Commitments and contingencies (continued):

(b) Legal contingencies:

In the ordinary course of the Branch's activities and the nature of these activities, there is potential or pending litigation at any given time. As at March 31, 2007, management believes the Branch has valid defenses and appropriate insurance coverage in place for all unsettled claims. Risk management and insurance services are provided by the BC Health Care Risk Management Society under the Health Care Protection Program. In the event any claims are successful, management believes that such claims are not expected to have a material effect on the Branch's financial position.

Specifically, in 2002, unions challenged the constitutionality of the *Health and Social Services Delivery Improvement Act* under which the Branch entered into contracts for services. The challenge was dismissed by the BC Supreme Court and an appeal of that decision was dismissed by the BC Court of Appeal. An appeal of the BC Court of Appeal decision was heard by the Supreme Court of Canada in early 2006 and as of this date, no decision has been rendered by that Court. Management believes that the risk of substantial damages arising from this litigation is relatively minimal and with appropriate specific defenses and insurance coverage, this litigation is not expected to have a material effect on the Branch's financial position.

12. Patient/client revenue:

	2007	2006
Patient/client revenue consists of:		
Medical Services Plan	\$ 17,401	\$ 17,662

13. Asset retirement obligations:

The Branch has previously acquired certain buildings, some of which contain asbestos. At the acquisition dates, environmental regulations were in place, which required special procedures to be undertaken in the handling and disposal of the asbestos if the buildings underwent a major renovation or were demolished.

As at March 31, 2007, the Branch has accrued asset retirement obligations of \$660 representing the fair value of the legal obligations related to owned premises. The fair value of the legal obligation was determined by discounting the estimated cash outflows of \$713 over the time until renovations are undertaken at a credit-adjusted risk free rate of 5.26%. The asset retirement obligations have been capitalized as part of capital assets and will be amortized over the time period until planned renovations are completed.

The Branch has not accrued asset retirement obligations for buildings that were previously acquired and may contain asbestos that require special handling procedures where there is no current plan for significant renovation, as the fair value of the retirement obligations cannot be reasonably estimated until there is a reasonably determinate settlement date for the major renovation or demolition of the buildings. These asset retirement obligations will be recognized as a liability in the period when the fair value can be reasonably estimated.

14. Financial instruments:

The Branch's financial instruments include cash, short-term investments, accounts receivable, accounts payable and accrued liabilities, accrued sick and severance liabilities, and obligations under capital leases. It is management's opinion that the Branch is not exposed to significant interest, currency, or credit risks arising from these financial instruments. The fair values of these instruments approximate their carrying values, except for the fair value of accrued sick and severance liabilities which is disclosed in note 8(a).

15. Related entities:

The Branch has an economic interest in the following Foundations, Auxiliaries and Societies whose operations are not included in the financial statements of the Branch:

(a) Foundations:

The British Columbia's Children's Hospital Foundation and the Sunny Hill Foundation for Children were established to promote child development and health care at the Branch.
