<sup>1</sup>Balances represent amounts held as investments with BC Investment Management Corporation or other trustees. Liabilities to beneficiaries are not included in this schedule.

<sup>2</sup>The CUDIC investment portfolio is managed by two investment managers; the province, through the British Columbia Investment Management Corp (\$52 million) and a non-government investment corporation (\$51 million).

<sup>3</sup>The figures for these funds are mainly taken from the records of the province as at March 31, 2002, and therefore may differ from the figures in the financial statements of the applicable Crown corporations and agencies contained in Section E.

<sup>4</sup>These entities have been wound up at March 31, 2002.

<sup>5</sup>The amounts for the Workers' Compensation Board of British Columbia have been taken from these funds' December 31 audited financial statements. The balance is an investment fund held against claim liabilities.
