AUDITORS' REPORT

To: The Members of the Marie Esther Society

We have audited the statement of financial position of Mount St. Mary Hospital as at March 31, 2006 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Hospital's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Hospital as at March 31, 2006 and the results of its operations and changes in net assets and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Society Act of British Columbia, we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

MOUNT ST. MARY HOSPITAL
(Owned and Operated by the Marie Esther Society)

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2006

1. PURPOSE

Mount St. Mary Hospital is an extended care facility providing complex care. The Hospital is owned and operated by the Marie Esther Society of the Sisters of St. Ann, and is directed by a Board of Management on appointment by the Marie Esther Society. The Provincial Government and the Medical Advisory Committee may each appoint one member to the Board of Management. The Society was incorporated under the Society Act of British Columbia October 19, 1990 as a not-for-profit organization and is a registered charity under the Income Tax Act. The financial statements include only those assets, liabilities and activities directly related to the operation of the Hospital.

2. ACCOUNTING POLICIES

The preparation of these financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the disclosure of contingent assets and liabilities. Significant areas requiring the use of management estimates include the determination of useful lives for depreciation and the estimation of amounts which may become payable to retiring employees. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the significant accounting policies summarized below:

Revenue Recognition

The Hospital follows the deferral method of accounting for grants and contributions received, whereby revenues are matched with expenses. Restricted contributions, if any, are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable.

Measurement Uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates.

Basis of Presentation

The Hospital accounts are maintained on a fund basis with all activities recorded in either the capital or operating fund.

In accordance with a directive from the Provincial Ministry of Health, the annual financial statements are prepared on an integrated basis representing the combined accounts of all funds.

Investments

Investments are recorded at cost. Market value of investments approximates their carrying value.

(Owned and Operated by the Marie Esther Society)

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2006

2. ACCOUNTING POLICIES (continued)

Capital Assets

Capital assets are recorded at cost. Amortization is recorded on a straight-line basis over the estimated useful lives of the assets using annual rates varying from 2% to 20%.

Supplies

Supplies of inventory are recorded at the lower of cost and replacement cost.

Contributed Services

A substantial number of volunteers contribute a significant amount of time each year. Because of the difficulty in determining fair value, contributed services are not recognized on the financial statements.

Accrued Sick and Severance Pay

The sick and severance pay liability is accrued at rates prescribed by the Ministry of Health.

3. CASH RESTRICTED

Restricted cash balances are comprised of:

	2006	2005
	\$	\$
Cash and investments – new facility	<u>196,557</u>	<u>389,389</u>

4. DUE FROM MOUNT ST. MARY FOUNDATION

During the prior year the Hospital Board of Management approved a loan of up to \$200,000 as needed, to the Mount St. Mary Foundation. The loan is non-interest bearing and without specific repayment terms.

5. CAPITAL ASSETS

	2006		2005	
	\$		\$	
	Cost	Accumulated Amortization	Net	Net
Land	3,740,000	-	3,740,000	3,768,393
Building	32,441,072	2,818,817	29,622,255	30,418,543

6. ACCRUED SICK AND SEVERANCE PAY

Under the terms of the employer's union contracts, employees with ten years of service and having reached a certain age are entitled to receive special payments upon retirement (or other circumstances specified in the collective agreement). These payments are based upon accumulated sick leave credits and entitlements for each year of service. The liability for amounts which may become payable to retiring employees have been estimated by actuarial valuation as at March 31, 2004, extrapolated to March 31, 2006, using an early measurement date of December 31, 2005.

The accumulated benefit obligation for sick leave and severance benefits as at March 31, 2006 are as follows:

Sick leave	\$299,813
Severance	<u>452,442</u>
	<u>\$752,255</u>

This is a decrease of \$102,624 from the amounts recorded in the accounts at March 31, 2006.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2006

7. DEFERRED CONTRIBUTIONS

Deferred contributions represent unspent resources externally restricted for special programs. These programs include music therapy, pet therapy, gardens, pastoral care and resident activities. Changes in deferred contributions balance are as follows:

	<u>2006</u>	<u>2005</u>
	\$	\$
Beginning balance	164,839	78,897
Less: Amount recognized as revenue in the year	(57,110)	(32,075)

Interest revenue	<u>3,794</u>	<u>4,773</u>
Ending balance	<u>115,955</u>	<u>164,839</u>

8. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions related to capital assets represent the unamortized amount and unspent amount of grants and donations received for the purchase of capital assets. The amortization of capital contributions is recorded as revenue in the statement of operations.

	<u>2006</u>	<u>2005</u>
	\$	\$
Balance, beginning of year	<u>33,565,696</u>	<u>39,450,533</u>

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2006

8. DEFERRED CAPITAL CONTRIBUTIONS (continued)

The balance of unamortized capital contributions related to capital assets consists of the following:

	2006	2005
	\$	\$
Unamortized capital contribution used to purchase capital assets	32,228,961	33,177,263
Unspent contributions	736,556	388,433
Balance, end of year	<u>32,965,517</u>	<u>33,565,696</u>

9. INVESTMENT IN CAPITAL ASSETS

Investment in capital assets is calculated as follows:

	2006	2005
	\$	\$
Capital assets	35,371,034	36,400,279
Amounts financed by deferred capital contributions	<u>(31,384,364)</u>	<u>(32,382,893)</u>
	<u>3,986,670</u>	<u>4,017,386</u>

10. RESIDENTS' TRUST FUNDS

	2006	2005
	\$	\$
Residents' funds held in trust	<u>38,559</u>	<u>31,553</u>

The resident funds held in trust are not included in the accompanying financial statements.

11. FINANCIAL INSTRUMENTS

The Hospital's financial instruments consist of cash, accounts receivable, temporary investments and accounts payable. Unless otherwise noted, it is management's opinion that the hospital is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values due to the relatively short periods to maturity of these items.
