

Compensation Discussion and Analysis

for fiscal year 2010/11

Compensation Philosophy

Compensation is comprised of a base salary, incentive plan and benefits including vacation, and pension. It is designed to compensate and reward achievement of the goals as outlined in the organization's Service Plan and as may also be identified by the Human Resources Committee of the Board of Directors in its Corporate Performance Goals. A vehicle allowance is provided to the CEO and the Executive Lead, Strategic Initiatives to reimburse the cost of the use of a personal vehicle for business purposes.

The base salary, benefits and incentive target is benchmarked at least every three years using comparators that include public, private and not-for-profit organizations. The comparators are intended to position the organization to be reflective of the environment in which the organization operates. The Board approves the comparator organizations for the CEO position. The Human Resources Committee of the Board and CEO approve the comparator organizations for all other positions in the organization. Levels are set at the market median. The market compensation survey is administered by an independent, full service Human Resource organization using best practices identified by the consultant.

Incentive Plan Performance Targets

Incentive Plan goals are renewable annually, approved by the Human Resources Committee of the Board of Directors, and calculated using quantifiable measures. The goals are preset, weighted performance goals within an incentive range of 0-20% for each specific goal (total target level is 10%). In 2010/11 the incentive plan was reduced to 50% and compensation paid for 2009/2010 was 3.08%. The incentive plan target in 2010/2011 remained reduced by 50% and payout for performance in the 2010/2011 to be paid at the end of June 2011 has not as yet been determined.¹

Leaves

The organization provides vacation and sick leave to employees as well as other leaves required under Employment Standards (e.g. Family Responsibility Leave).

¹ The Board will meet mid June 2011 to determine what if any bonus payouts will happen for the 2010/2011 year. These amounts will be reported as soon as they are known
