Statement of Management Responsibility

Scope of Responsibility

Management has supervised preparation of the accompanying consolidated financial statements and related note disclosures and is responsible for their integrity and objectivity. The consolidated financial statements of Forestry Innovation Investment Ltd. (FII) have been prepared by management in accordance with the financial reporting provisions prescribed by the Province of British Columbia pursuant to Section 23.1 of the Budget Transparency and Accountability Act (see Note 2(a)).

We believe that these consolidated financial statements present fairly FII's financial position as at March 31, 2017 and the consolidated statement of operations, change in net assets, and cash flow for the year ending March 31, 2017 and that the other information contained in the Company's annual report is consistent with the consolidated financial statements as presented.

Internal Controls

Management is responsible for the integrity of the financial statements and has established systems of internal controls to provide reasonable assurance that transactions are properly authorized, assets are safeguarded, and financial records are properly maintained to facilitate the preparation of the financial statements in a timely manner. We continually monitor these internal accounting controls, modifying and improving them as business conditions and operations change. We believe our system of internal accounting controls provide reasonable assurance that errors or irregularities that would be material to the consolidated financial statements are prevented or detected in the normal course of business.

Board of Directors and Audit Committee

The Board of Directors is responsible for reviewing and approving the consolidated financial statements and overseeing management's discharge of its financial reporting responsibilities. An Audit Committee is appointed by the Board. The Audit Committee reviews the consolidated financial statements, adequacy of internal controls, audit process and financial reporting with management and with the external auditors. The Audit Committee has reviewed these consolidated statements prior to recommending approval by the Board of Directors. The Board of Directors has reviewed and approved the financial statements.

Independent Auditors

Grant Thornton has performed an independent audit of the consolidated financial statements of Forestry Innovation Investment Ltd. The Auditor's Report, as attached, outlines the scope of this independent audit and expresses an opinion on the financial statements of Forestry Innovation Investment Ltd.

To the Board of Directors of
Forestry Innovation Investment Ltd.

To the Minister of International Trade,
Province of British Columbia

We have audited the accompanying consolidated financial statements of Forestry Innovation Investment Ltd., which comprise the consolidated statement of financial position as at March 31, 2017 and the consolidated statements of operations and accumulated surplus, changes in net financial assets, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these consolidated financial statements in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of Forestry Innovation Investment Ltd. for the year ended March 31, 2017 are prepared, in all material respects, in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of matter

Without modifying our opinion we draw attention to Note 2 to the consolidated financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Forestry Innovation Investment Ltd.

Notes to the Consolidated Financial Statements

(in thousands of dollars)
March 31, 2017

1. General

Forestry Innovation Investment Ltd. (the “Company” or “FII Vancouver”) was incorporated on March 31, 2003 under the laws of the Province of British Columbia (the “Province”). The Company has authorized capital of 100 common shares without par value of which 10 shares are issued and outstanding. Her Majesty the Queen in Right of the Province of British Columbia, as represented by the Minister of International Trade, holds the shares issued. A board of directors governs the Company, and all directors are appointed by the Province. The Company’s principal activities are to fund forest industry associations and research institutions and to deliver market development and market initiatives and outreach programs.

2. Summary of significant accounting policies

(a) Basis of presentation

These consolidated financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia which requires accounting policies which are consistent with Canadian public sector accounting standards except in regard to the accounting for restricted capital contributions.

Under Section 23.1 of the Budget Transparency and Accountability Act and its related regulations, the Company is required to recognize restricted capital contributions as a liability and recognize them into revenue on the same basis as the related amortization expense.

Under Canadian public sector accounting standards, those transfers with stipulations that have been met or that do not contain stipulations that create a liability, are fully recognized into revenue.

The impact of this difference on the consolidated financial statements of the Company would be a decrease in deferred capital contributions as at March 31, 2017, and increases in revenues and annual surplus for the year then ended.

(b) Reporting entity and basis of consolidation

These consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of the Company consolidated with FII Consulting (Shanghai) Co., Ltd. (“FII China”), a wholly-owned subsidiary registered under the laws of the People’s Republic of China; 0939031 B.C. Ltd., a wholly-owned subsidiary registered under the laws of British Columbia; and Forestry Innovation Consulting India Pvt. Ltd. (“FII India”), a wholly-owned subsidiary of the Company and 0939031 B.C. Ltd., registered under the laws of the Republic of India.

FII China is based in Shanghai, China, and FII India is based in Mumbai, India, with both subsidiaries delivering market development programs on behalf of the Company. The subsidiaries are consolidated on a line-by-line basis after inter-organizational transactions and balances between these entities have been eliminated.

2. Summary of significant accounting policies (continued)

(c) Revenue recognition

Unrestricted contributions, donations and grants are recorded as revenue when receivable if the amounts can be reasonably estimated and collection is reasonably assured.

Restricted contributions include amounts received from the Province and the Canadian Federal Government for specific purposes. Restricted contributions are recorded as deferred contributions when received or receivable. The deferred contribution and associated revenue are recognized based upon the nature of the restriction, as follows:

(i) *Restricted capital contributions*

Capital contributions for the purpose of acquiring or developing a depreciable tangible capital asset are recorded and referred to as deferred capital contributions. Deferred capital contributions are reduced and the associated revenue recognized at the same rate and in the same fiscal period that amortization is recognized in respect of acquired depreciable tangible capital asset used to provide services.

(ii) *Other restricted contributions*

Deferred contributions are reduced and the associated revenue recognized in the period during which the stipulation or restriction on the contribution have been met.

Investment income includes interest recorded on an accrual basis.

(d) Program expenses

Program expenses include amounts transferred to recipient organizations based on recipient funding contracts to carry out specific program activities. Amounts transferred are recognized as expenses in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met by the recipient, and reasonable estimates of the amounts can be made.

(e) Pension plans

The Company and its employees contribute to the Public Service Pension Plan, which is a multi-employer jointly trustee plan. The plan is a defined benefit plan, providing pension on retirement based on the member's age at retirement, length of service and highest earnings averaged over five years. As the assets and liabilities of the plan are not segregated by employer, the plan is accounted for as a defined contribution plan and any Company contributions to the plan are expensed as incurred.

(f) Financial instruments

Financial instruments consist of cash, accounts receivable, amounts due from the Province, amounts due from other governments, recipient advances, accounts payable and accrued liabilities, amounts due to the Province, amounts due to other governments, and recipient payables.

The Company measures its financial instruments at cost or amortized cost.

2. Summary of significant accounting policies (continued)

(f) Financial instruments (continued)

For financial instruments measured at cost or amortized cost, transaction costs are added to the cost of the financial instruments.

Interest and dividends attributable to financial instruments are reported in the consolidated statement of operations.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the consolidated statement of operations.

There are no financial instruments measured at fair value; therefore, the consolidated financial statements do not include a consolidated statement of remeasurement gains and losses.

(g) Non-financial assets

(i) *Tangible capital assets*

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. Cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over their estimated useful lives as follows:

<u>Asset</u>	<u>Useful life</u>
Computer equipment	3 years
Computer software	2 years
Furniture and equipment	5 years
Leasehold improvements	lesser of the lease term and its useful life
Tradeshow booths	3 years

Assets under construction are not amortized until the asset is available for productive use.

(ii) *Contributions of tangible capital assets*

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt.

(iii) *Interest capitalization*

The Company does not capitalize interest costs associated with the acquisition or construction of tangible capital assets.

(iv) *Intangible assets*

Intangible assets are not recognized in these consolidated financial statements.

2. Summary of significant accounting policies (continued)

(h) Foreign currency translation

These consolidated financial statements are stated in Canadian dollars. The Company's foreign operations, conducted through FII China and FII India, are considered financially interdependent with the Company, and are translated from Chinese renminbi ("RMB") and Indian rupee ("INR") using the temporal method of translation. Accordingly, monetary assets and liabilities are translated at the spot exchange rates in effect at the date of the statement of financial position; non-monetary items are translated at historical exchange rates in effect on the dates of the transactions. Revenue and expense items are translated at monthly average exchange rates in effect during the month in which the transaction occurred, except for amortization which is translated at the historical exchange rate of the corresponding non-monetary item. Realized exchange gains and losses are included in the consolidated statement of operations.

(i) Budget

Budget data presented in these consolidated financial statements are based on the Company's Service Plans. The budget was approved by the Board of Directors on June 21, 2016.

(j) Use of estimates

The preparation of these consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the useful lives of property and equipment. Actual results could differ from those estimates.

(k) Segment disclosures

A segment is defined as a distinguishable activity or group of activities of an entity for which it is appropriate to separately report financial information. The Company has provided definitions of segments used by the Company as well as presented financial information of the segments in Note 10.

3. Accounts payable and accrued liabilities	2017	2016

Accrued liabilities	635	562
	\$ 1,429	\$ 1,078

Forestry Innovation Investment Ltd.

Notes to the Consolidated Financial Statements

(in thousands of dollars)

4. Recipient advances and payables

The Company's policy on recipient funding contracts stipulates that unspent advances are repaid to the Company. Historically, unspent advances have been repaid to the Company prior to the end of the first quarter of the new fiscal year after final reconciliation reports have been submitted.

In addition, the Company withholds a percentage of earnable administration costs from their interim advances. Recipients would qualify for this final funding amount withheld based on meeting eligible reporting criteria in the recipient reporting process.

As at March 31, 2017, the Company has identified \$358 (2016 - \$307) as payable to the recipient organizations and \$7 (2016 - \$70) as receivable from the recipient organizations.

5. Pension plans

The Company and its employees contribute to the Public Service Pension Plan, which is a multi-employer jointly trustee plan. The plan is a defined benefit plan, providing pension on retirement based on the member's age of retirement, length of service and highest earnings averaged over five years. The board of trustees of the plan represents plan members and employers and is responsible for the management of the plan including investment of the assets and administration of the plan.

The most recent actuarial valuation for the Public Service Pension Plan as at March 31, 2014 indicated a \$194 million funding surplus for basic pension benefits.

The plan is accounted for as a defined contribution plan. During the year ended March 31, 2017, the Company paid \$179 (2016 - \$159) for employer contributions to the plan.

6. Deferred contributions

Deferred contributions consist of contributions received from the Province for tangible capital assets and other capital and operating contributions for which goods and services remain outstanding. Deferred contributions are comprised of the following:

	<u>Provincial</u>	<u>Other</u>	<u>2017</u>	<u>2016</u>
Balance, beginning of year	\$ 778	\$ 254	\$ 1,032	\$ 1,033

9. Financial instruments risk management

The Company has exposure to the following risks from its use of financial instruments:

Credit risk

Credit risk is the risk that the Company's counterparties default or become insolvent.

The Company is potentially exposed to credit risk through cash, accounts receivable, recipient advances, amounts due from the Province, and amounts due from other governments. Cash is maintained with financial institutions of reputable credit and may be redeemed upon demand. Accounts receivable consist mainly of cost share agreements which are monitored on a regular basis. Amounts due from the Province and amounts due from other governments consist of reimbursement claims. It is the Company's opinion that its exposure to credit risk is subject to normal industry risks and is considered minimal.

As at March 31, 2017, accounts receivable, recipient advances, amounts due from the Province, and amounts due from other governments are comprised of:

9. Financial instruments risk management (continued)

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due.

The Company manages its exposure to liquidity risk by maintaining sufficient cash balances throughout the year to meet its short-term obligations. It is the Company's opinion that its exposure to liquidity risk is subject to normal industry risks and is considered minimal.

Market risk

Market risk is the risk that fluctuations in market prices will affect the Company's net financial assets. Market risk comprises two types of risk:

Currency risk and foreign denominated cash

Currency risk is the risk that fluctuations in foreign currencies will affect the Company's net financial assets denominated in foreign currencies.

The Company is subject to foreign exchange risk through its program payables and program advances and a portion of the Company's program and tradeshow costs, which are denominated in Chinese renminbi, Indian rupee and United States dollars. The Company manages its exposure to currency risk by monitoring its assets and liabilities denominated in foreign currencies and purchasing foreign denominated currency to pay upcoming commitments when the market conditions are favourable. The Company does not use derivatives instruments to reduce its exposure to foreign currency risk. Included in office costs is \$109 (2016 – \$155) foreign exchange gains.

Interest rate risk

Interest rate risk is the risk that fluctuations in interest rates will affect the Company's net financial assets that bear interest at variable rates. The Company manages its exposure to interest rate risk by investing in interest bearing cash accounts.

10. Segmented information

Segmented information has been identified based upon programs provided by the Company. Company programs and their activities are reported by functional area in the body of the consolidated financial statements. Programs that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

(a) Funding Recipient Initiatives

Uses project funding delivered through an annual "Call for Proposals" in partnership with the Government of Canada to fund forest industry associations and research institutions to:

- Maintain and create opportunities for BC wood products in existing and emerging markets;
- Ensure that customers, consumers, designers, builders, developers and architects know about BC wood products and the many positive features they bring to wood-frame construction and interior finishing;
- Support the development of innovative new forest products; and
- Provide interested parties around the world with information on the properties and qualities of BC's forest products and the BC companies that supply them.

(b) Market Initiatives and Outreach Program

(i) *FII Vancouver Initiatives*

Internally directs delivered programs that:

- Identify potential opportunities for BC forest products through market research and develop market access strategies;
- Ensure BC forest products have access to markets free from regulatory and other barriers through initiatives and research;
- Provide customers and foreign regulators with facts about the environmental merits of BC forest products, including the sustainable forest management regime that underlies their production;
- Research opportunities in new and emerging markets, and initiate early market exploration activities;
- Champion the Province's Wood First priorities and encourage expanded wood use in BC;

10. Segmented information (continued)

(b) Market Initiatives and Outreach Program (continued)

(i) FII Vancouver Initiatives (continued)

- Raise awareness of the Province as a world leader in advanced wood construction and design; and
- Encourage a robust valued-added sector in BC through enhanced capacity and competitiveness.

(ii) FII China Initiatives

FII China has a mandate to increase the volume and value of BC lumber exports to China by expanding the share of wood frame construction in China's building sector. FII China focuses on the following activities:

- Expanding and strengthening relationships with central and regional government agencies responsible for building and construction in China and with large state-owned developers, emphasizing the pursuit of strategic and joint initiatives;
- Building partnerships with established market leaders in China's development sector and supporting these companies in areas of concept development, planning and design, code application, and resource integration; and
- Working closely with Canadian forest industry trade association staff to expand China's technical capacity to deploy wood frame construction.

(iii) FII India Initiatives

FII India has a mandate to establish a local presence in India for BC and Canadian forest products companies; develop working relationships with government officials, regulatory agencies, and the wood user community; and position BC and Canadian forest products for future growth. The operation focuses on early-market (pre-commercial) development activities, including:

- Supporting development of the market for BC and Canadian forest products through market research;
- Promoting BC and Canadian wood species in various end-uses;
- Educating the market place on BC and Canadian wood species and their proper use;
- Providing intermediation with Indian regulatory authorities; and
- Providing direct support for BC companies entering the India market.

(c) Corporate services

Corporate services performs the following activities:

- Ensures financial reporting to government standards;
- Provides Human Resource, IT and office services to meet organizational needs;
- Oversees budget and planning controls in alignment with strategic objectives; and
- Provides corporate communication and analytical services to meet internal and external needs.
