Notes:

(1) The number of English as a Second Language (ESL) students dropped between 1998/99 and 1999/00 because of a change in funding policy. Starting in 1999/00, public school ESL students were funded in the supplemental ESL funding category up to a maximum of 5 years. Previous to this, there was no maximum. Funding for ESL services for independent school students is included in the regular operation grants issued to independent schools.

Notes:

- 1) Reflects enrolment at September 30th, including only those students who are taking most of their educational program by distributed learning (the DL program is considered the school of authority).
- 2) The numbers reported exclude cross-enrolment. (In 2006/07, changes in distributed learning legislation permitted cross-enrolment in Grades 10, 11 and 12.)
- 3) As students can enrol in DL courses at any time, this will under-represent the actual number of students taking courses by distributed learning in a year. The annual total DL enrolment was 33,022 for 2006/07 and 48,491 for 2007/08. The projected enrolment for 2008/09 is 56,000.
