

- GENERAL NOTES:**
- 1) Design to be used for planning purposes only. NOT FOR CONSTRUCTION.
  - 2) All dimensions are in millimeters, unless otherwise noted.
  - 3) Slopes will vary depending on actual material types encountered.
  - 4) Road layer thicknesses are preliminary. Final thickness will depend on material types used.
  - 5) Road width represents expected range. Final road width will depend on final road design and equipment/transport specifications. Cleared ROW depends on curve radius and transport requirements.
