

## Seismic Mitigation Program - BC Ministry of Education

### Seismic Mitigation Program Progress Report

---

All high priority – fast-tracked – schools are either complete, under construction or in the planning stage, and all have received funding from the ministry. Seismic safety is also a key component of government’s revitalization of school infrastructure. Each of the 75 new and replacement schools built since 2001 are modern, safe seismically-sound buildings.

#### Current Project Status

##### **45 seismic projects are complete:**

1. Langley Fine Arts School (phase 1 and 2) in Langley
2. Fort Langley Elementary in Langley
3. Frank Hurt Secondary in Surrey
4. Ellendale Elementary in Surrey
5. Senator Reid Elementary in Surrey
6. Mountainview Montessori Elementary in Surrey
