

**IN THE MATTER OF THE ENVIRONMENTAL ASSESSMENT ACT S.B.C. 2002, c.43  
(the ACT)  
AND  
NON-COMPLIANCES  
WITH ENVIRONMENTAL ASSESSMENT CERTIFICATE E14-02  
ORDER UNDER SECTION 34(1)**

**WHEREAS:**

- A. On October 14, 2014, Environmental Assessment (EA) Certificate E14-02 (Certificate) was issued to British Columbia Hydro and Power Authority (Certificate Holder) for the Site C Clean Energy Project (Project).
- B. On March 29 to April 1, 2016, and on April 26 to 29, 2016, in his role as Senior Compliance and Enforcement Officer, the undersigned conducted an inspection of the Project. Based on observations during that inspection and review of information during the inspection, the undersigned has determined that the Certificate Holder is not compliant with Condition 69 of the Certificate due to a failure to adhere to measures to properly segregate and dispose of recyclables and waste material during the construction of the Project.
- C. The undersigned issued verbal and written warnings of noncompliance with the waste management provisions of Condition 69 after inspections conducted in December of 2015 and March and April of 2016, and has determined that measures are required to ensure adverse effects associated with improper waste management are adequately mitigated;
- D. Section 34 of the Act specifies that the Minister may order the Certificate Holder to carry out measures to mitigate the effects of non-compliance.
- E. The undersigned has received written delegation of the Minister's powers under Section 34 of the Act.

**NOW THEREFORE:**

Pursuant to Section 34(1) of the Act, I order that the Certificate Holder cause Morgan Construction and Environmental Ltd. (MCE) to do the following to the extent relevant to MCE's involvement with the Project:

- 1) Segregate recyclables and all waste types separately in clearly marked bins;
- 2) inspect recyclable and waste management bins on a daily basis to verify compliance with 1) above; and

3) Maintain records of recyclable and waste management bin inspections.
